

RIVER OF DAYS

check in checkin out
in the crush of days
waiting for milk
on the milky way

hurdles I'm bumping
shaking in the maze
doodles and bubbles
in the flood I stray
you'll find me where life struggles

colourful rays for striding on
picking splinters of that song
making sense is really gone
kaleidoscope clatters

hey miss candycrumb
couldn't wait here forever
I wouldn't pray on the run
missy it's hard to find

we've come to the crunch
carry this torch or never
you'll beat on my drum
me strumming here out of mind

you could loose yourself in the cold dark matter
I would come dressed up here all in blue
when the evening falls you' ll stand in tatters
me naked an barefoot too

carry you candy
to the sea of gold
down this river of days
you won't recall them all

tears on his cheek
rollin' down his smile
waiting for milk
rock him for a while
