

## SANCTUARY

To the street cafe  
down Talullah lane  
Thru the hazy shimmering  
Wishes dim away  
Echo sounds replay  
Half the world is glimmering  
Sun burns alley town  
waltzing underground  
puzzle parts refiguring  
Hustle day by day  
Saving hard earned pay  
Safer from this feeling glum  
Dreaming of a sanctuary  
For my foolish pray  
If only caught a glimpse of it  
It would be o.k.  
Stepped into this territory  
On forgotten trail  
Winding up  
the westside hills  
Shift into the shade  
Shipping down the estuary  
On a promised day  
From shore to shore  
For coming home to stay
